ABOUT US

Indochine Cabinetry is the marketing and design division of the AID Group, specializing in comprehensive kitchen cabinet solutions. We provide our clients with a full suite of cabinet design services, including catalogs, 3D renderings, and marketing material development.

Our cabinet products are manufactured by Asia Italian Door, a factory with over 18 years of experience in cabinetry production. With a monthly output of more than 5,000 kitchen sets, we are equipped to meet the demands of both volume production and custom projects.

We offer a complete range of kitchen and bath cabinetry products, including Cabinets, Vanities, Mouldings, Floating Shelves, Range Hoods, Wine Racks, and more. Our product lines cover various construction styles, including Full Overlay Cabinets, Inset Cabinets, and Frameless Cabinets.

ECO

All our boards comply with Lacey Act, CARB P2 and EPA certifications, and user health and safety are our top priorities.
All our carcase plywood is made with high-quality eucalyptus wood as the core layers, ensuring exceptional durability.

We insist on and take pride in quality, and we are willing to provide customers with comprehensive services and guarantees.
